

# SCHOOL GROUND GREENING

An exciting initiative that will benefit our students and our community.

## ENVIRONMENT

- Trees help clean and cool the air;
- Permeable surfaces reduce noise and stormwater runoff;
- Plants provide habitat for wildlife and pollinators.

## STUDENTS

- Shade for cooler and more comfortable play and learning outdoors;
- Biodiversity for hands-on learning opportunities;
- Access to nature for physical and mental wellbeing.

## COMMUNITY

- Creates a greener, cooler neighbourhood;
- Builds a vibrant space that brings people and nature together.
